Let's connect: live well with hearing loss

Have you been diagnosed with acquired hearing loss?

Hearing Link, a UK-wide charity which supports adults with hearing loss, is looking for people to share what is important when hearing loss is diagnosed.

Your feedback will help us to create a new one-day programme of support to be piloted in Wales later in the year.

To take part on Tuesday 31st January, please contact Wendy Marshall, Wales Manager, Hearing Link:

Email: wales@hearinglink.org

Tel/SMS: 07753 220075

Location: Association of Voluntary Organisations in Wrexham (AVOW), 21 Egerton Street, Wrexham, LL11 1ND.

Time: 10am or 1pm

Hearing Link is working with Betsi Cadwaladr University Health Board for this project which is supported by the Williams Family Foundation.

Hearing Link is a UK charity active in England, Scotland, Wales and Northern Ireland for people with hearing loss, their family and friends.
