Do you use a cochlear implant?

We are conducting a research study to understand the reliability of speech testing in adults who use a cochlear implant

You could help by taking part

If you are an adult and use a cochlear implant, you may be eligible to take part in this study. Participating would involve attending a single testing session in Nottingham. You would be asked to complete a range of speech tests over the course of an hour.

If you are interested in taking part, please contact:

Robert Pierzycki
